The Vanderbilt Cardiology Fellowship at a Glance

**Year 1 (Clinical Year):**

- 2-3 months Cath
- 2-3 months Echo
- 1 month Nuclear
- 1 month Consults
- 1-2 months EP consults
- 1 month VA HF
- 1 month VA CCU
- 1 month Vanderbilt CCU

**Year 2 (Clinical Year):**

- 1 month TEE
- 1 month Imaging (Nuc & CMR)
- 1 month VA Cath
- 2 months Vanderbilt CCU
- 2 months Elective
- 1 month Echo
- 1 month Vascular
- 1 month Vanderbilt HF
- 2 months consults (VA/EP)

**Year 3 (Research/Elective Year):**

The third year is completely flexible. The only requirement is a 2-4 week Adult Congenital Heart Disease Rotation. Fellows have the flexibility to pursue:

- Clinical Electives with the ability to achieve COCATS level 2 in multiple domains
- Dedicated Research time (with some fellows dedicating the majority of the year to research)
- Masters of Science in Clinical Investigation funded by the division (classes during third year with a dedicated additional research year).
