

## Vascular Medicine Rotation for Cardiology Fellows

**Rotation director 2023-2024:** Aaron Aday, MD (aaron.w.aday@vumc.org)

You will receive an email from Dr. Aday in the week or two prior to the rotation outlining your schedule for the month.

### Expectations

- Participate in interpretation of vascular ultrasound and physiologic testing in the non-invasive vascular laboratory, reading at least 50 studies during the month with Vascular Medicine attendings.
- Participate in vascular lab scanning
- Participate in the Vascular Medicine clinics in Medical Center East and OHO, and participate in the evaluation of new referrals
- Attend weekly vascular medicine conferences (8-9 am on Wed). You will be responsible for one of the presentations: a journal club.
- Review CT and MR imaging studies with radiology to assist in decision making
- Have the opportunity to develop a Vascular Medicine Patient Page for *Circulation* or *Vascular Medicine* or submit a Case Study for [www.vascularmedicine.org](http://www.vascularmedicine.org)
- Spend a day in Vein Clinic observing superficial venous procedures (Dr. Stokes)
- Spend a day in the Dayani Center observing complete decongestive therapy for lymphedema

### Example Weekly Schedule
